**EHV Warning** Due to concerns about the national spread of EHV, the State is imposing quarantines on any facilities which test positive for EHV. You will not be able to remove or bring in any horses until 21 days after the last EHV symptoms are present. All horsemen must do their part to reduce the risk of this occurring. As a result of the high incidence of EHV at racetracks across the nation and the potential impact on the ND race season, the Commission is providing the following recommendations to horsemen to protect their horses and keep their meets open:

- If you claim a horse from an area which has had an outbreak, have it tested. Info on affected areas can be found here: <http://equinediseasecc.org/outbreaks.aspx>.
- Vaccinate your horse against EHV-1. This is not an absolute preventative but can possibly reduce the severity of the infection and possibly prevent the death of your horse. Make sure to follow labeling/Vet directions and administer within the proper time period before the meet to have the desired effect.
- Check your horses' temperature before shipping. An elevated temperature of 102 degrees or more can indicate a potential infection and the need to consult a Vet.
- Follow biosecurity procedures before and during the meet. It is important to limit nose-to-nose contact with other horses and the sharing of buckets. These are the easiest ways for EHV to be transmitted. A copy of the USDA Biosecurity Brochure will be available at the track or can be found here:

[https://www.aphis.usda.gov/publications/animal\\_health/2011/bro\\_keep\\_horses\\_healthy.pdf](https://www.aphis.usda.gov/publications/animal_health/2011/bro_keep_horses_healthy.pdf).

As required by our rules, all horsemen must have current health certs and coggins on file with the race office. Be aware that a State Vet Field Investigator will be at the meets to check paperwork/horses. Anyone found without the appropriate paperwork will be subject to disciplinary action by the Stewards and Commission. Any horses found to have EHV symptoms will be subject to further testing.

**Remember EHV can kill your horse and end the race season for everyone! Do your part to reduce the risks.**

## **GENERAL RULES**

1. The Racing secretary will develop a list of extra races for each race day in the place of races that do not fill based on horses on the grounds.
2. A Race is considered filled when (6) or more horses are entered. Races listed in the condition book with (6) or more entries will be run at the assigned time.
3. All extra races will be based on the types of horses that are available at the track during the race meet.

4. The Racing Secretary will base the decision on the races to be run on the highest number of horses on the grounds to compete in a race for the satisfaction of the betting public. North Dakota Horse Park will run races with the fullest fields possible in order to increase wagering handle and the horseman's benefit. North Dakota Horse Park reserves the right to refuse an entry.

## ENTRIES AND RACE DAY RULES

- Entry time will be 8 AM on each specified day

Friday races will enter on Tuesday, Saturday races will enter on Wednesday,

Sunday races will enter on Thursday

- Entries will close at 10:30 AM each day.

- It is the prerogative of the North Dakota Horse Park to run races with the fullest fields in order to satisfy all betting and horsemen's interests. If a race has only (5) horses or less entered by 9:30 AM, the race will be canceled, as per HRND racing rules.

- Filled races (those with 6 or more entries) listed in the Condition Book have preference over extra races that have filled.

- In overnight races that are restricted to certified ND-bred horses, if the restricted race does not have at least (6) entries by 9:30 AM of entry day, the race will be opened to all horses meeting the other qualifying condition with the ND-bred horses preferred. This rule does not apply to stakes races, futurities, derbies or maturities restricted to ND Breds. Applies to Day 1 (race 7), Day 2 (race 1, 5 & 7), Day 3 (race 1 & 2).

- All fields will be limited to (10) horses based on 2020 preference system.

- Owners and trainers must claim correct allowances at the time of entry and are solely responsible if a horse starts with wrong weight and is, therefore, disqualified.

- Horses not drawing a starting position in the gate will receive a refund of entry box fee.

- Permission to change equipment must be secured at the time of entry. Changes to or from blinkers must be steward and paddock judge approved, flipping halter must be approved by the stewards.

- Owners or trainers are required to deposit jockey fees with the Horsemen's Bookkeeper PRIOR to post time on the day of the race. Failure to do so may result in the horse being declared disqualified.

- Procedure for Claiming

To make a claim for a horse, an eligible person shall: 1. Deposit to such person's account with the horsemen's

bookkeeper the full claiming price and applicable taxes as established by the racing secretary's conditions.

## 2. File the claim filled out completely and with sufficient accuracy

to identify the claim in writing on forms provided by the association prior to the time the horse leaves the paddock in a locked claim box (located in the Bookkeeper's office) maintained for that purpose by the stewards.

- **SCRATCHES:** In all overnight races with more than (8) horses, trainers shall have the right to declare out to that number by the specified scratch time, such right to be determined by lot when necessary. Declaration below (8) horses may only be made by permission from the Stewards. The Stewards will give notice that when only (8) horses or less are entered for a race or when a field of horses is reduced to (8) by reason of declarations, no horse will be excused except upon a report of disability by the official.

- All scratches must be made by 8 AM of the day following entry.

- Paddock entrance is restricted to licensed owners, trainers, and their employees, and those involved with the conduct of racing at NDHP. Any others wishing access or entrance to the paddock area must receive prior approval from the Paddock Judge, Stewards, or HRND Management.

## No Race

If a race is declared a "no race" all funds will be returned to their original source. No purse money will be distributed to any race participants.

- **PURSE DISTRIBUTION:** The following purse (except Stakes and Overnight Stakes) percentage distribution will be in effect during the 2020 race meet:

Daily Races 1<sup>st</sup> – 50% 2<sup>nd</sup> – 25% 3<sup>rd</sup> – 12% 4<sup>th</sup> – 8% 5<sup>th</sup> – 5%

- Stakes races will pay out all positions based on the number of horses that have qualified and entered.

## 2020 PREFERENCE SYSTEM

1. Preference dates will not supersede conditions of a race (winners preferred, high weights preferred, etc.)

2. Horses will not be eligible to receive a date until their papers are on file in the Racing Office.

3. In stakes races, high weights preferred is determined based on a horse's earnings in 2019 & 2020.

4. All horses registered prior to 4:00 p.m. on **July 9th, 2020** will receive a zero, which is the lowest possible date. A horse keeps their zero date until he/she runs or scratches.

5. All horses registered after 4:00 p.m. on **July 9th, 2020** will receive an "E" date of the day registered.
6. A zero has preference over a running date.
7. Horses that run will receive a running date corresponding to the date they race and lose all dates previously held. This includes stakes and handicaps.
8. Horses which scratch or are scratched will keep their preferences as if they had run.
9. All horses placed on the Stewards; Veterinarians, or Starters list will be posted on the bulletin board. They will not be permitted to enter until they have been approved to start. Horses placed on these lists will keep their dates as if they ran the race in which they made the list. Horses which are scratched will be given a date for the day the horse comes off the list.
10. Horses which have established a date at the current meeting will not lose that preference date should their papers be withdrawn from the Racing Office for just cause (i.e. tattoo, corrections, change of ownership or clarification, etc.). The Racing Secretary may determine the status of the preference date established.
11. Preference dates are good at any distance.
12. The claiming of a horse, ownership transfer, or trainer transfer of a horse does not affect the preference date assigned to him/her. In the fourth and the eighth rules specified above, if a horse is registered or comes off a list on a non-racing day, the next day will be used.
13. When a horse's name appears in a race, other than a stakes, and is entered for the following day, such an entry will be given no consideration should the race in which it is entered overfills.
14. Maidens entered against winners will receive least preference.
15. Horses on the also-eligible list one day and in the body of a race the following day will be automatically scratched from the also-eligible list.
16. It is the responsibility of the person making an entry to claim preference at the time of entry. The Stewards will consider no claims that do not comply with the above regulations.

## **NAMING OF RIDERS**

- Any authorized person entering a horse in any given race shall, at the time of making such entry, name the jockey for said horse.

- A rider may be named on two horses in a race provided one is on the also-eligible list. A coupled entry shall be considered one horse for the purpose of this rule. The names of all jockeys who are to ride shall have alongside their names on the overnight (1) indicating first call, and (2) indicating second call. In the event of conflicting claims for a jockey's services, whether for a specified race, for the meeting, or other period of time, only those in writing and filed with the Racing Secretary shall be considered valid by the Stewards. A jockey may have two calls on the also- eligible list and none in the body of the race. The Stewards will name a jockey on all open horses. If the jockey agent does not designate first and second call at the draw, the jockey will be removed from their mounts in that race except for apprenticeship.

- Apprentice allowances waived at the draw cannot be reclaimed at scratch time. Trainers must have an apprentice jockey engaged before claiming the apprentice allowance.

- Jockeys having engagements to ride must be in the Scale Room (1) hour prior to post time for the first race.

- Any jockey taken off mounts due to illness or injury is not eligible to be named on horses until approved by the Stewards. Any jockey engaged to ride any horse is bound to fulfill his/her engagement unless excused by the Stewards. Should a rider become injured or ill on the way to the post or at the gate and the Stewards shall designate a substitute rider, such rider will fulfill the order of the Stewards and complete the engagement on the horse.

## **STAKES RULES**

- Nominations and sustaining payments must be postmarked by the date specified. The U.S. Postal Service stamp indicating the date of the mailing shall be validity of the date of any nomination or sustaining payment.

- There will be no refund of accepted fees for nomination unless the race is canceled or drawn out.

- Any checks dishonored or returned by the bank for any reason shall cancel eligibility. Only HRND issued checks will be cashed on site (\$500 maximum).

- The decision of the race Stewards in all matters shall be final and entries are accepted only on the condition that those persons nominating and/or starting a horse in Trials and/or Stakes agree to abide by the decision of the Steward.

- Added money in all Stakes and Feature races will be reduced if there is less than (6) started in the gate. Reduction will be at the discretion of the track management.

### **JOCKEY AND RIDER SAFETY**

2. **Lightning:** The jockeys should not be asked to leave the paddock when lightning storms are in the immediate vicinity. The jockeys, trainers, and track management should attempt to complete the racing card if reasonably possible, after the storm system has cleared the area.

3. **Unsafe Track Conditions:** The stewards shall notify the track manager of any problem concerning the safety conditions of the racetrack. The track manager will try to rectify the situation as soon as possible. a. As soon as the problem has been addressed, the track manager, the jockeys, the trainers, and management will physically review the area in question. If all agree that the problem is corrected, racing will proceed. If any one of the groups is still not satisfied, the jockeys will give the track manager additional time to correct the problem. b. A vote by the jockeys will not take place until the racetrack has had the opportunity to correct the problem. Should the jockeys remain unsatisfied after the track manager has attempted to correct the problem, a vote will be taken by the jockeys who are scheduled to compete on the remainder of the card and the jockeys will determine if racing will proceed. If most eligible jockeys agree not to continue, racing will be canceled. The stewards and/or management will monitor the procedure and announce the outcome. No horsemen, owners, or members of track management are allowed in the jockey's room during the voting process. c. 4. **Cold Weather:** All parties agree that racing may be canceled if the **wind chill factor** is recorded at below (32 degrees) at the agreed upon times. A committee will meet at 11 a.m. that day with jockeys, trainers, stewards, and track management. No vote will be taken if the wind chill factor is above (32 degrees). A jockey may, however, take off mounts with no repercussions from management, stewards and/or the state racing commission.

5. **Hot Weather:** All parties agree that racing may be canceled if the **heat index** is recorded at (105 degrees) or warmer at the agreed upon times. A committee will meet at 11 a.m. that day with jockeys, trainers, stewards, and track management. No vote will be taken if the heat index is below (105 degrees). A jockey may, however, take off their remaining commitments with no repercussions from management, stewards and/or the state racing commission. a. Other factors that may affect the weather during extremely hot days may include a breeze or lack of a breeze and if it is partly cloudy or if there are no clouds to shield the sun.

**\*\*\*\*\* NOTICE \*\*\*\*\*** The rules listed in this Condition Book do not supersede the rules adopted by the North Dakota Racing Commission which governs all races run over this track.
